

Policy for Educational Visits, Outdoor Learning and Adventurous Activities

(adapted from NYCC model policy 2022)

December 2024

Introduction

This policy sets out the establishment procedures within which all employees must operate. Further details can be gained by referring to the Employer Policy as detailed in Section 2.

Every young person should experience the world beyond the classroom as an essential part of learning and personal development, whatever their age, ability, or circumstances.

Learning beyond the classroom is the use of places other than the classroom for teaching and learning. It is about getting children and young people out and about, providing them with challenging, exciting, and different experiences to help them learn.

It is about raising achievement through an organised, powerful approach to learning in which direct experience is of prime importance. This is not only about what we learn but importantly how and where we learn. It is not an end in itself but a vehicle to develop the capacity to learn. Good quality learning beyond the classroom adds much value to classroom learning.

1. Scope and responsibilities

This policy applies to all educational visits, outdoor learning and adventurous activities carried out with young people. It does not apply to work-experience placements, work related learning or alternative provision.

The Headteacher retains the role of the Educational Visits Co-ordinator. They will have the training and experience to enable them to competently discharge their responsibilities as listed in The Employer Policy.

The Educational Visits Co-ordinator is: Gareth Robinson

Administrative tasks will be carried out by: Class Teachers / School Administrator / Head teacher

2. Establishment policy and procedures

The NYCC Policy for Educational Visits, Outdoor Learning and Adventurous Activities (November 2022) is the employer's policy. Specific local procedures will be in line with, but not duplicate this policy.

Where there is conflict with non-statutory guidance or advice from other sources the employer policy will take precedence with clarification sought from the Headteacher, and if required from North Yorkshire Educational Visits Advisory Service.

Consent

Routine acknowledgement: Whilst it is not a legal requirement to gain parental consent for curriculum activities, written acknowledgement will be gained on enrolment for routine local visits and activities which are a part of our normal educational provision during the school day and information regarding the nature of the types of visits will be included in our welcome Packs and acknowledgment requests. We will always aim to fully inform parents by dojos or

letter of the nature of each visit, activity, or series of a similar nature, remind parents that they have acknowledged this, and give opportunity to update information and emergency contact details. On occasions a curriculum opportunity may become available at short notice, and we will always aim to notify parents that their child will be off-site, but this may not be possible.

Non-routine consent: Written consent [which may be electronic via Dojos or Parentpay] will be gained on enrolment for those visits which are non-routine visits and activities and those visits which fall outside of normal hours. We will fully inform parents by letter or Dojos of the nature of each visit, activity, or series of a similar nature.

Specific consent: Written consent [which may be electronic via Dojos or Parentpay] will be gained for every individual visit, activity or series of a similar nature which involve a higher level of risk including but not limited to longer journeys, residential visits, and adventurous activities. We will fully inform parents by letter / Dojos of the nature of each visit, activity, or series of a similar nature.

Medical information: We will use the medical information on record in our Student Information Management system alongside any updated information which parents will be given the opportunity to provide for most visits and activities. Where visits or activities involve a higher level of risk it may be appropriate for separate medical information and consent forms to be completed.

Staff competence

Records will be kept of induction, training, relevant qualifications and competence using the 'My Details' section of Evolve.

To ensure sustainability of important visits deputy leaders will be appointed in order that contingency plans can be put in place should a visit leader be indisposed.

EVC Training

The Educational Visits Co-ordinator will attend appropriate training and revalidation as required by the employer.

Visit Leader Training

Visit leaders will be approved by the Headteacher and will have attended appropriate training as required by the employer.

3. Planning and approval procedures

Visit leaders should follow the employer policy, establishment policy, guidance, local procedures, and standard assessments of risk.

Risk management is a vital part of planning and assessing benefits and risk associated with visits and activities. Sensible risk management relates to identifying significant hazards and mitigating against risk through appropriate control measures. It is not a paperwork exercise but a dynamic process before and during a visit or activity in order that young people can be kept safe from harm. At [insert name of school] we have identified a Local Learning Area which includes all the places that we visit and the activities that we undertake routinely. Details of our Local Learning Area are contained within the appendix which includes generic risk assessment. Wherever the need arises additional risks and significant findings will be recorded using event specific risk assessment.

External providers: Wherever possible visit leaders will gain credible assurances of health & safety management systems and quality provision through a Learning Outside the Classroom Quality Badge. Alternatively, assurances will be gained through a Provider Statement as detailed in the employer policy

4. Visit Planning and Management System

Evolve is the North Yorkshire Council web-based system used to facilitate the efficient planning, management, approval, and evaluation of visits. All staff that lead or accompany visits can access their own account which is set up by the Educational Visits Co-ordinator.

The default option is a day visit within the United Kingdom. Visits can be further categorised as follows:

- On-site or local learning area
- Joint visit
- Overseas
- Residential
- Adventurous (provider led)
- Adventurous (self-led)

Visits will be recorded as detailed in the summary table below.

Approval of visits will be made as detailed below. Initial approval in principle will also be gained as required in the employer policy.

Governing Body: The governing body has a strategic role to set the vision and direction of the school and has responsibility for its educational and financial performance. To enable this, it will hold the Headteacher to account by oversight of learning beyond the classroom opportunities to ensure that the educational experiences are of high quality, that best value is obtained, and financial regulations are adhered to.

Adviser: Visits abroad, residential and all adventurous activities regardless of leadership or location. (As detailed in guidance).

Headteacher: All visits and activities when they are also the EVC (Educational Visits Co-ordinator)
Local walking visits, bike ability training, local sports fixtures, and local swimming visits

Visit planning approval summary table for Brompton and Sawdon Community Primary School

	Planning/Recording Process	Risk Management	Final Approval
On-site/Local Learning Area/Local Area Visits	Dynamic Risk Assessment depending on conditions, discussed with HT prior to any visit into LLA.	LLA risk management supplemented by specific documentation where necessary	EVC/Head
Day Visit outside Local Learning Area	Recorded on Evolve	School risk manages journey and non-provider led activities using LLA risk management supplemented by specific documentation where necessary	EVC/Head
Overseas	Recorded on Evolve	LLA risk management and supplemented by specific documentation necessary	Adviser
Residential	Recorded on Evolve	LLA risk management and supplemented by specific documentation necessary	Adviser
Adventure, provider led	Recorded on Evolve	Provider risk manages activities School risk manages journey and non-provider led activities using LLA risk management supplemented by specific documentation where necessary	Adviser
Adventure, self-led	Recorded on Evolve	Local Learning Policy/Specific Risk Management	Adviser

5. Incident Management

In the case of an incident during a visit all members of staff will follow the establishment's incident management plan as detailed in the appendix.

6. Monitoring of visits and procedures

Governors will monitor the implementation of this policy by acting as a critical friend in monitoring the implementation and effectiveness of the policy. The Educational Visits Co-ordinator will ensure that there is a system in place for appropriate monitoring of visits and activities.

7. Charges for Off-site Activities and Visits

Charges for educational off-site visits and adventurous activities, including charges for visits and transport, requests for voluntary contributions and remission of charges are made in line with DfE guidance. Reference should also be made to Brompton and Sawdon Primary School Charging and Remissions policy

8. Inclusion & SEND

We endorse the principles for young people of a presumption of entitlement to participate, accessibility through direct or realistic adaption or modification and integration through participation with peers.

We acknowledge that it is unlawful to treat a young person with a protected characteristic less favourably or fail to take reasonable steps to ensure that young people with protected characteristics are not placed at a substantial disadvantage without justification.

We also acknowledge that expectations of staff must be reasonable, so that what is required of them (to include a young person) is within their competence and is reasonable. Reference should also be made to Brompton and Sawdon Primary School SEND policy

9. Safeguarding

Safeguarding procedures should be considered as part of the planning process with additional consideration for residential visits. Visit Leadership Teams should:

- As part of planning, liaise with the Designated Safeguarding Lead (DSL) and other staff to identify any relevant safeguarding issues
- Have access during a visit to the DSL (or trained deputy) either directly or through the Base Contact.

Any volunteers who accompany any visit or activity will be vetted and be directly supervised by a member of staff. If they are to have significant unsupervised access to young people, then an enhanced DBS disclosure will be obtained and they will undergo induction and training in their role and responsibilities as detailed in employer and school policies and local procedures. Reference should also be made to Brompton and Sawdon Primary School safeguarding policy

10. Insurance

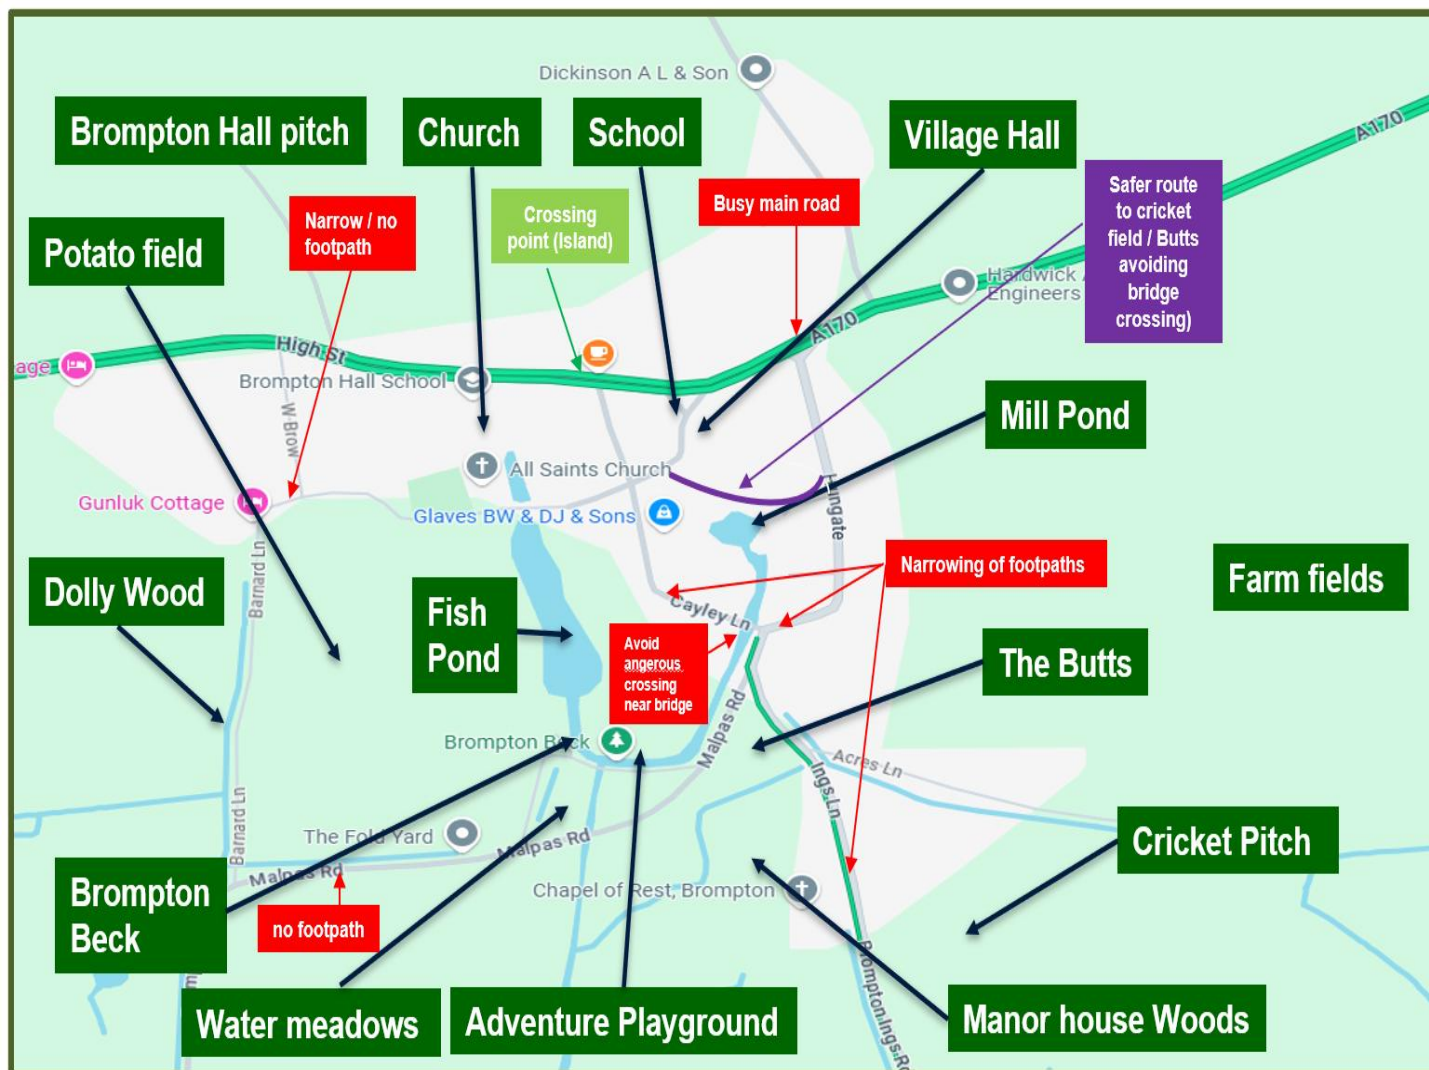

Young people participating in visits and activities will have appropriate insurance arranged independently by the school. Any differences to this will be notified to parents/carers as appropriate before any consent or payment is made.

11. Transport

Careful thought must be given to planning transport to support off-site activities and visits. Statistics demonstrate that it is more hazardous to travel to an activity than to engage in it and staff must follow any specialist guidance provided by your employer.

Appendix - Local Learning Area

Boundaries

The boundaries of the locality are shown on the attached map. Please note the labels showing frequently used venues.

We use our Local Learning Area on a regular basis for a variety of learning activities, and visit leaders are allowed to operate in this area through a Local Learning Area agreement, signed by all parents. (please see attached)

Operating Procedure for visits to the Local Learning Area

Any learning at any time within the Local Learning Area must be subject to generic risk assessments prior to leaving school, then dynamic risk assessments, responding to changing circumstances, following this.

The following are potentially significant issues/hazards within our extended locality:

- Road traffic.
- Other people / members of the public / animals.
- Losing a pupil.
- Uneven surfaces and slips, trips, and falls.
- Weather conditions.
- Activity specific issues when doing environmental fieldwork (nettles, brambles, rubbish, etc).
- Busy main road
- Traffic congestion around Glaves
- Danger of drowning around watercourses
- Danger of slipping around watercourses
- Danger of traffic coming out of, or entering, the steelworks on the way to the cricket pitch
- Danger of slipping / falling if the adventure playground equipment is wet.
- Narrowing of footpaths

These are managed by a combination of the following:

- The Head, must give verbal approval before a group leaves.
- Only staff judged competent to supervise groups in this environment are approved. A current list of approved staff is maintained by the EVC and office.
- The concept and Operating Procedure of the 'Local Learning Area' is explained to all new parents when their child joins the school.
- There will normally be a minimum of two adults. *This statement is probably appropriate for all primary schools, although in benign locations it may be appropriate to relax it for year 6s. Decisions should be based on the area and the age / maturity of the pupils - the key determinant will always be 'what would the pupils do if the only adult collapsed?'*
- Staff are familiar with the area, including any 'no go areas', and have practiced appropriate group management techniques.
- Pupils have been trained and have practiced standard techniques for road crossings in a group.
- Where appropriate, pupils are fully briefed on what to do if they become separated from the group. *This needs a decision and will depend on the area you are in – return to school, wait where they are, go to x and ask for help, etc).*
- All remotely supervised work in the extended learning locality is done in 'buddy' pairs as a minimum.
- Pupils' clothing and footwear is checked for appropriateness prior to leaving school.
- Staff are aware of any relevant pupil medical information and ensure that any required medication is available.
- Staff will deposit in the office a list of all pupils and staff, a proposed route, and an estimated time of return.
- A mobile phone is taken with each group and the office have a note of the number.
- Appropriate personal protective equipment is taken when needed (eg gloves, goggles) *If you have a local issue, eg. with drug needles, etc, in any area, then you can mark that bit as no-go, or add here how you will educate the pupils to deal with it – it is their home after all, so they need to be able to cope with it!*

Specific risk controls for local area:

- Use the safer route around the back of Mill Pond to get to the Cricket Field etc.
- Crossing outside of school to access Millpond Path: 2 adults needed. One to ensure that they can see if any traffic is coming down Cayley Lane
- Adult supervision needed at side of kerb where footpaths narrow
- Pupils need constant reminder to stay safe on uneven, narrow footpaths. (older pupils to walk on the kerb side if paired with younger pupils)
- Pupils from Brompton Hall – risk of bad language if using field
- Crossing main road- island at the top of Barnard Lane should be used. Small groups. Adult supervision at both sides as required.
- Crossing roads: 2 adults to observe oncoming traffic each way. Pupils to stop and wait if something is coming, those already crossing to continue. Pupils will need training on how to safely cross the road.
- Barbed wire adjacent to some footpaths – pupils to be made aware of this
- No footpath along Malpas Road (pupils to walk on the verge or at the died of the road observing oncoming traffic. Close adult supervision, especially when exiting Dolly Woods
- No footpath along Barnard Lane. Pupils to use the path through Dolly Wood.
- No footpath at the exit to Dolly Woods (at Malpas Road end). Close supervision crossing road. Pupils to line up at side of road.
- Animals in some fields – children to be briefed regarding not touching
- Variable depths of watercourses: staff must test or be aware of depths before pupils enter water. Staff to be aware of location of lifebelts. No water activities to be undertaken without consultation with the Head Teacher. Additional supervision as required to ensure safety and supervision of all. No pupils to be out of eye-line.
- Branches / brambles / nettles throughout the site: pupils to be made aware of need to take care
- Pupils must stay off the cricket square at all times

Table of Amendments:

This table only summarises significant changes. Typos and date changes are not listed.

Section	Pg	Amendment
4	5	Summary Table: Local Area Visits option now added – this reflects the option that schools can now record visits as taking place in the Local Learning Area, n.b. this module is activated on a school-by-school basis. The Final Approval Column for Residential and Provider Led Adventure visits has been amended from Head to Adviser. This change reflects common practice across the UK for the level of approval/checking of these caterers

Parental Consent For A Rolling Programme Or Series Of Local Visits

Name of Pupil:	
Date of Birth:	

I understand that my child may leave the school premises for local visits as outlined below and hereby give my consent for my child to participate in such visits. I also understand that my child may leave the school premises at other times when I will be informed separately by letter and when further consent will be required from me.

I understand to inform the Group Leader/Headteacher as soon as possible of any change in the medical condition or other circumstances after the date shown.

I agree to my son/daughter receiving emergency medical treatment or dental treatment of any nature as considered necessary by the medical authorities present.

I agree that if my child urgently requires medical or dental treatment and it is not possible to contact me/us, the Group Leader in charge at the time is authorised on my/our behalf to give consent to such emergency treatment.

Signed: NameParent/Carer

Date

The boundaries of the locality are shown on the attached map. Please note the labels showing frequently used venues.

We use our Local Learning Area on a regular basis for a variety of learning activities, including sports, Wild School activities, art and science lessons. We also attend services at the church and War Memorial.

Emergency Contact Numbers

I may be contacted by telephoning the following numbers:

Work:	Home:	Mobile:
Home address:		

If I am not available please contact:

Name		
Work:	Home:	Mobile:
Home address:		

Medical Information, declarations and consent:

a) Does your child suffer from any conditions requiring medical treatment or medication? YES/NO

If YES please give details

b) Is your child allergic to any medication or treatment? YES/NO

If so please give details

c) Name, address and telephone number of family doctor:

As per Data Collection Sheet? YES/NO If no please give details.

d) When did your son/daughter last receive a tetanus injection?

e) Please outline any special dietary requirements of your child:
